

# Journal of the Japanese Society for Artificial Intelligence

Vol. 18 No. 6 (Nov. 2003)

## CONTENTS

### Special Issue: "Practical Studies on Community-Supporting Systems"

Editors' Introduction to "Practical Studies on Community-Supporting Systems"	629
.....Toyoaki Nishida and Yasuyuki Sumi	
AI and Community Support Systems	631
.....Toyoaki Nishida and Yasuyuki Sumi	
Experimentation on Community Knowledge Creation with the Public Opinion Channel	
.....Toyoaki Nishida, Tomohiro Fukuhara, Hidekazu Kubota, Koji Yamashita and Ken'ichi Matsumura	637
Toward Public Simulation of Emergency Escape	
.....Hideyuki Nakanishi, Satoshi Koizumi, Hiroshi Ishiguro and Toru Ishida	643
A Communityware with a Message Consolidation Mechanism and Its Practice	649
.....Hideo Umeki	
A Case Study on the Log Analysis of In-House Virtual Community	
.....Masakazu Fujimoto, Masamichi Takahashi, Manabu Ueda, Nobuhiro Yamasaki and Makoto Hirose	656
Supporting System for Social Events of Academic Society	662
.....Yasuyuki Sumi	
Network Analysis of Network Community	669
.....Satoshi Kitayama	
Support for Communities in Shared Virtual Society	675
.....Kouchi Matsuda	

### Special Issue: "Complex Systems and Collective Intelligence"

Editor's Introduction to "Complex Systems and Collective Intelligence"	682
.....Akira Namatame	
Mass Behaviors Found in Econophysics	684
.....Hideki Takayasu	
Collective Intelligence from Artificial Life	690
.....Takashi Ikegami	
Complex Systems Engineering Viewed in the Light of Harmony	697
.....Azuma Ohuchi and Hidenori Kawamura	
Collective Intelligence Embedded in Interaction among Individuals	
- Analyzing Organized Level of Collectivity -	704
.....Keiki Takadama	
Beyond KISS Principle Agent-Based Modeling toward Complex Adaptive Systems	710
.....Takao Terano	
Macroscopic Behavior of Complex Networks	716
.....Kensuke Fukuda and Satoshi Kurihara	
Complex Systems and Collective Intelligence Some Information from Social Science	723
.....Akira Namatame	

### Serial Survey Papers: Distributed Cooperative Scheduling for Manufacturing Industries (1)

A Framework of Distributed Autonomous Systems in Manufacturing Industries	733
.....Yasuyuki Nishioka	

### AI map

Comments on "Historical Roadmap of Research on Genetic Algorithms" and Their Answers	739
.....Hiroshi Motoda, Mitsunori Miki, Minoru Asada and Shigenobu Kobayashi	

### Lecture Series: New Trends in Linguistics for AI Researchers to Learn From (3)

Generative Grammar	753
.....Yukio Otsu	

### Technical Papers
